

Cracow, 6.10.2023

Guidelines of the Director of the Maj Institute of Pharmacology Unit of the Krakow School of Interdisciplinary PhD Studies concerning the school curriculum in English:

1. Students are required to complete the consecutive modules, general, interdisciplinary and specialist, by the end of the 4th semester (2nd year).
2. The current schedule of courses is that general and interdisciplinary courses should be taken during the 1st year, followed by the specialist module during the 2nd year.
3. The course curriculum is available in English following the schedule of education training as described above.
